By Car

Driving is strongly discouraged. If you absolutely must, take exit 22 from the Mass. Pike

eastbound. Bear right and follow the signs to the Prudential Center. Above ground, merge left immediately on Huntington Avenue and make a left U-turn at the next light. The Marriott will be on your right in the next block. Plan on \$50 per day to park there. Legal on-street parking throughout the city will be frustratingly rare and short-term.
